

With this view I recommend the following resolution and articles amendatory to the constitution of the United States.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, two-thirds of both Houses concurring. That the following articles be proposed to the Legislatures or conventions of the several States as amendments to the Constitution of the United States. All, or any of which articles, when ratified by three-fourths of the said Legislatures or conventions, to be valid as part or parts of the said constitution, namely:

"Article.—Every State wherein slavery now exists which shall abolish the same therein at any time or time before the 1st day of January, in the year of Our Lord 1900 shall receive compensation from the United States [in bonds] bearing interest at the rate of —, for each slave shown to have been therein by the eighth census of the United States, said bonds to be delivered to such States by instalments, or in one parcel, at the completion of the abolishment, accordingly as the same shall have been gradual or at one time within such States; and interest shall begin to run upon any such bonds only from the proper time of its delivery aforesaid and afterwards. Any State having received bonds as aforesaid, and afterwards introducing or tolerating slavery, shall refund to the United States the bonds so received or the value thereof, and all interest paid thereon.

"Article.—All slaves who shall have enjoyed actual freedom by the chances of the war, at any time before the end of the rebellion, are forever free; but all owners of such who shall not have been disloyal shall be compensated for them at the same rates as is provided for States adopting abolishment of slavery, but in such a way that no slave shall be twice accounted for.

"Article.—Congress may appropriate money or otherwise provide for the colonization of free colored persons with their own consent at any place or places within the United States."

I beg indulgence to discuss these proposed articles at some length. Without slavery the rebellion would never have existed. Without slavery it could not continue. Among the friends of the Union there is great diversity of sentiment and policy in regard to slavery and the African race amongst us. Some would abolish it suddenly and without compensation; some would remove the free people from us; and some would retain them with us; and there are yet other minor diversities. Because of these diversities, we waste much strength in struggles amongst ourselves. By mutual concession we could harmonize and act together. This would be a compromise among the friends, and not with the enemies of the Union. The articles are intended to embody a plan of such mutual concession. If the plan shall be adopted, it is assumed that emancipation will follow at least in several of the States.

(Concluded next week.)

PRESIDENT'S MESSAGE.—To the exclusion of news and editorial matter we publish to-day the larger and most important portion of the President's annual message. It is a plain, straightforward document, such as we might expect from our honest and worthy Executive. Interesting and important as these state papers always are, or should be, in times of peace and prosperity, it should in this the country's darkest hour merit the attention of every patriot and well wisher of his country.

We learn that on last Friday night, week, the wheat stacks of Wm. Thompson and A. J. Palmer, twelve miles below here on the Blue, were burned, supposed by an incendiary. The stacks were the result or growth of eighteen acres, and probably contained some three hundred bushels of wheat. We hope the wretch that perpetrated the deed will be ferreted out and dealt by as such conduct deserves.

We received a short call on Monday from our State Senator elect from the 7th District, Thos. H. Baker. Mr. B. is an active and go-ahead man and will make his mark in the Legislature.

We met in town this week our friend E. G. Snyder, of Co. K., 9th Kansas, now at Ft. Scott. He reports the boys, with but few exceptions, as doing finely.
